

ELECTION FOR BEER CALLED IN RANDALL COUNTY

COLLEGE YEAR TO CLOSE

23 YEARS TO BE ENDED ON 25th AUGUST

Semester Plan Adopted For Coming Year's Work

FACULTY CHANGES

59% Graduates Are Employed for the Coming Year

August 25 marks the end of an era at the West Texas State Teachers College as definitely as 1929 is said to have ended one in Wall Street and Main Street. After twenty-three years of operating on the term or quarter plan the college on that day will close this series of work and when it opens on September 19 the work will be arranged on the semester basis. This change has been made in all the state institutions of Texas, bringing them into line with the general practice throughout the nation.

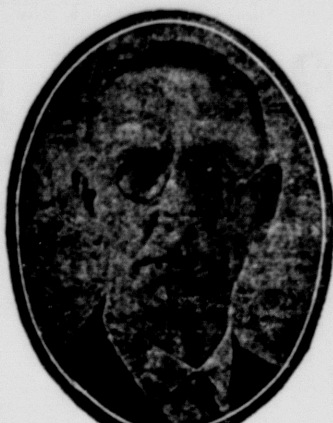

Another significant incident in the life of the college is that the total long session enrollment of 1933-34 was larger than ever before in the history of the school. This fact was startling even to the school administrators in view of the general conditions which prevailed. The strength of the college was further shown by the fact that the summer attendance of 1120 students this year is only 16 per cent under last year when the general loss of summer schools throughout the United States is, according to figures issued by the University of Chicago, more than 25 per cent.

The graduating classes for the year 1932-33 are larger than ever before. One hundred seventy-four young men and women will have been granted degrees when the convocation of August 24 is over. Of this number 17 received the degree of Master of Arts. Contrary to the general condition throughout the United States, 59 per cent of the graduates have employment.

Of all the students enrolled in the college the last year there were only 50 who did not have decided church preferences. The Baptist and Methodist churches lead in both the long and summer sessions, but practically every other denomination was represented.

Inch and Quarter of Rain Falls in the Past Week

Rain amounting to 1.25 inches fell in Canyon since last Thursday. Practically every part of the county received rain during the week, but the amount has varied. The southern part of the county received nearly two inches of rain Tuesday night, which was the largest amount received in the county during the week.

In Canyon the following was the moisture: Thursday, .19; Monday, .08; Tuesday, .85; Wednesday, .13.

Coach Al Baggett Will Arrive Next Wednesday in City

Coach Al Baggett will arrive in Canyon next Wednesday night and will immediately begin his work, looking to the opening of the football training camp on September 10th.

During the summer Coach Baggett has been studying in Columbia University, and his work will close there on August 19. He will leave at once for Canyon, making the long trip in the shortest possible time. It is expected that a large number of prospective and existing football players will be in Canyon next week to interview the Coach.

Wheat Meeting at Plainview is Postponed for Week

County Agent W. H. Upchurch received a telegram Thursday afternoon postponing the wheat meeting scheduled to be held this week until August 24, 25, 26. The meeting will be held at Plainview, which is about the center of the great wheat producing section of Texas.

Secretary of Agriculture Wallace has announced that on August 24th he will give definite information regarding the wheat situation in the United States. After this announcement definite plans may be made to carry out the scheduled plans as to payments to be made the farmers who enter into an agreement to reduce their acreage next year.

EIGHT GUILTY CASES TRIED DURING WEEK

Three More Indictments Returned By the Grand Jury

FEW CIVIL CASES

Heavy Business Attended to During This Session of Court

The present term of the district court has transacted more business so far than any session in recent years, with indications of a full docket for the coming week. Three more indictments were returned Thursday by the grand jury, making a total of fourteen so far for the term. Eight persons have been found guilty in the cases returned, with a mistrial in one case. The grand jury recessed until next Thursday when the business of the term will be completed.

Curtis Brown was tried Tuesday and received a sentence of one year in the penitentiary upon a liquor charge.

W. D. Bostick of Amarillo was given a three year sentence for violation of the liquor laws.

J. H. Morris of Pampa was given a three year sentence for theft of an automobile.

Three Amarillo negroes were found guilty of possession of liquor, two of them receiving a sentence of one year each, and the other a suspended sentence of two years. Roy McCloud and Claudine Cleveland received the sentence, while Mabel Morganfield got off with the suspended sentence. They were arrested last week east of Canyon and were said to be on their way to the Palo Duro State Park where negroes were working.

L. O. Bradburn and J. T. Williams each plead guilty in connection with theft of wheat from C. C. Holland, south of Amarillo, and were given three years suspended sentences.

D. A. Mask was tried for theft of a horse, which resulted in a mistrial.

The cases against Wade Pickett and Hershey Miles, both indicted last week, were transferred to (Continued on last page)

Tax Rate Is Lowered By Commissioners Court

Five Cent Reduction Is Made in Rate of County

Randall county's tax rate was reduced five cents on the \$100 valuation at the meeting of the Commissioners Court Monday. The rate last year was 75 cents on the \$100 valuation, and the rate set Monday for the coming year will be 70 cents.

Together with the reduction in valuations made this year, the taxpayers will benefit considerably by the lower tax rate.

Judge S. B. Orton stated that only rigid economy will make possible the lowered tax rate. The county will have need to collect a larger percent of its taxes than has been the case in recent years in order to meet operating expenses under the reduced rate and reduced valuations.

The budget for the coming year was adopted, and hearings will be held in the near future.

The rate for the various funds are as follows:

General fund, 25c.	
Court house and jail, 15c.	
Jury fund, 12c.	
Interest and sinking fund, road and bridge warrants, 3c.	
Interest and sinking fund, road and bridge bonds, 2c.	
Interest and sinking fund, paving fund, 10c.	
Road and bridge fund, 3c.	
Tax rates were set for the various school districts as follows:	
No. 1	\$1.00
No. 2	.75c
No. 3	.50c
No. 4	.50c
No. 5	.85c
No. 6	\$1.00
No. 7	\$1.00
No. 8	\$1.00
No. 9	\$1.00
No. 10	\$1.00
No. 11	.90c
No. 12	\$1.00
No. 13	.60c
No. 16	\$1.00
No. 17	\$1.00
No. 19	.50c
No. 20	\$1.00

LOCAL OPTION VOTE ON BEER ON AUGUST 26

Election Order Monday With Petition Filed Before Court

ALL COUNTY VOTE

Three Ballots Will Be Given Voters on August 26

Randall county will hold a local option election for the sale of beer on August 26th, at the same time that four constitutional amendments are voted upon, and delegates to the convention for the repeal of the 18th amendment are selected. The Commissioners Court ordered the election Monday when a petition bearing nearly 300 names was submitted calling for the vote.

This will add the third ballot which will be presented to voters on August 26th. One ballot will contain the names of delegates for the repeal convention. Another ballot will contain the four constitutional amendments which are being presented to the voters. It is necessary that the local option provision be printed on a separate ballot. Voters in Randall county should see to it that they mark all of the three ballots before leaving the election booth.

The petition presented Monday stated: "Whether or not the sale of beer containing not more than 3.2% of alcohol by weight shall be permitted or prohibited in Randall County."

It is noted that a large number of ardent prohibitionists signed the petition calling the election on August 26th when it was stated by those presenting the petition that a petition would be presented at a later date calling for legalized beer in Randall county should the constitutional amendment be adopted on August 26th. It was for the purpose of saving the expense of a separate election at a later date that prohibitionists signed the petition for an election at this time.

Randall county was voted dry early in 1900, and no attempt has been made since that date to bring back saloons. Under the law it is necessary to repeal the prohibition law voted 33 years ago before any precinct could vote separately under the liquor question. If the vote on August 26th should favor the return of saloons in the county, then any or all of the precincts of the county could vote separately to vote out liquor.

300 Teachers and Trustees in Meeting

Three County Discussion of New Laws Held Friday

The new Rural Aid Law and its application to schools of the Panhandle brought more than 300 superintendents, county superintendents and school board members to Canyon Friday to meet with A. A. Bullock, rural school supervisor of the State department of Education.

This law is planned to give the children in the country the same educational advantages offered to those who live in town, but schools must conform to certain standards in order to receive the benefit of this law. Mr. Bullock and other members of the State Department have met with school officials of every county of the state to explain the plan. Representatives of Deaf Smith, Randall and Packer counties met at Canyon.

According to Mr. Bullock's interpretation of the law, no rural school having one, two or three

teachers can receive state aid if it teaches more than seven grades, and every school receiving help must have an average daily attendance of at least 70 per cent of the scholastics of the district. Mr. Bullock stated that the provision would never cause any hardship to Panhandle schools as the attendance in this section of the state is well above 90 per cent, but that the provision would keep schools where there is a large negro or Mexican population from receiving help for children who never attend school.

Schools receiving state aid must pay a minimum salary of \$65 per month if only one teacher is employed, \$85 and \$75 if two teachers are employed; no school can receive aid with a term of less than eight months.

This aid is extended to rural schools in three ways, to supplement salaries after the district has done all possible to provide high school tuition for scholastics whose districts cannot pay it, and to provide transportation of high (Continued on last page)

Drunkenness leaves a path of broken homes, wrecked lives, starving women and children, lazy and indolent men, dissipated business, criminals and crime of every description. Not even the wets deny that. Yet they are crying out that the 18th amendment be repealed and that beer be legalized in Texas so that it may be sold in every town and county in the state in order to bring about prosperity. Just how a drunken nation can be prosperous is yet to be explained. With men, women and children in Randall county crying for bread today on account of the drouth, how will the return of booze to this country help them to recover prosperity is a little problem the wets are unable to adequately explain. Drunkenness never fails to damn the individual who participates. The people of Randall county should not do the foolish and unwise thing by allowing the return of the saloon with all its attending evils.

The federal government solemnly proclaims that with the return of legalized beer dry territory would be protected. Witness the hundreds of beer permits that have been issued by the government in Texas. Witness the fact that Federal Judge James C. Wilson, often designated as an anti-prohibitionist, severely criticised the government in a case tried in Amarillo last week for issuing beer permits in a dry territory. Those prohibitionists who are deceived by the wets in their proclamation that dry territory will be respected have only to look around and see the hundreds of beer permits which are being issued in dry Texas, long before any election has been held to legalize the return of the saloon.

The News is going to support the constitutional amendment which would give home rule to the larger counties of the state. However, so far as economy is concerned, we doubt very much whether under home rule there will be a very great movement toward elimination of other offices. When it comes to putting local people out of work, no county is going very far toward consolidation. As an experiment, the amendment may prove to be worthless. But the larger counties wish the opportunity to try it out.

Where is the mother in Randall county who would enjoy seeing her son or daughter staggering down the street drunk with legal 32 beer? Allowing them to drink all this stuff they wish will save them from drinking stronger stuff, say the wets who wish the saloons to return. The women of Randall county, if they will vote, will keep this county dry.

THE BEER AMENDMENT

Dallas News: The amendment permitting the sale of beer in Texas, which is to be voted upon in August is marked with the hypocrisy of political compromise at something less than its best. This will be more apparent with even a slight study of its terms. It is obvious that 32 beer is either capable of producing intoxication or else it isn't. There ought to be no argument on that. In individual cases, to be sure, some might be so hardened to alcoholic use that no amount of beer could intoxicate, while others might be so susceptible to it as to succumb to a moderate dosage. But, as a matter of law, 32 beer is either capable of producing intoxication within the meaning of the Constitution of Texas or it isn't.

Assuming that legally it is incapable of bringing on drunkenness, then why does the proposed amendment forbid its sale to minors? Why is its sale forbidden between midnight and 7 a. m.? Why are local authorities authorized to forbid its sale within 300 feet of a church or a school? Why are manufacturers thereof forbidden to contribute to the campaign fund of any candidate for office? Why are blinds or barriers forbidden in the front of any saloon where beer is sold? Indeed, if 32 beer is incapable of producing intoxication, why any amendment at all?

On the other hand, assuming that beer is an intoxicating drink, within the meaning of the Constitution of Texas, why not a frank amendment repealing that section of the Constitution forbidding intoxicating beverages? If we are not going to bring back the open saloon, why include in the amendment provisions for a license of \$100 for retail sale for consumption on the premises of sale? If a place where as the principal business beer is sold and consumed on the premises is not a beer saloon, what is it? The unscrupulous wet—and surely in the vast number claimed by the wets there must be some few scruples or none—is not embarrassed by such questions. But the sincere wets must be somewhat troubled by indirection of method to which they are thus committed.

With the assurance that the proposed \$20,000,000 bond issue cannot be squandered by an expensive agency which might be set up in Texas, and with the drouth which is increasing the number who must be assisted, people of Northwest Texas are feeling more inclined to vote for the bond issue. The legislature will have control of the bond issue, setting up the necessary system which will handle the money. Before adjourning, the Senate set up an investigating committee with all powers of a grand jury which is keeping its eye upon governmental affairs, and will continue to watch the bond money if the issue is adopted. The temptation of \$20,000,000 for any one body to spend excepting under the closest scrutiny is distasteful to the voters. However, the impelling necessity of doing something to relieve suffering in the state during the winter will cause hundreds to vote for the bond issue who had formerly made up their minds to oppose the bonds.

Some of the wets are pointing out the wonderful results which

will be accomplished by the return of the saloon when additional revenues will be received by the town, county and state. Ask the woman whose husband spends the money the family needs for clothing and food; or whose son has come home reeling under the influence of liquor; or whose daughter has taken her place among the thousands of poor souls who have been dragged to the depths of human degradation; ask this woman what she thinks of the benefits of legalized liquor for the purpose of raising a little tax money. The old skinkint who wants liquor returned for the money there is in the business is either a tax dodger, or is hoping to become one.

Making sweat shops and child labor impossible in the United States is worth all of the inconvenience that may be suffered by small business houses in the small towns through the terms of NRA. The sweat shop menace has increased in alarming manner so far as the manufacture of women's clothing is concerned. A large part of the women's clothing were made in sweat shops under all kinds of conditions, and with little pay to the women and girls who were forced to labor under these conditions. NRA will be a great thing if this practice is completely abolished.

While urging business and professional men to employ more men, the federal government is laying off hundreds of prohibition enforcement officers. On the one hand, the government is urging the employment of more men, but on the other hand is setting a mighty poor example in firing its own employees.

Prof. Irving Fisher of Yale, who is known and recognized to be one of the greatest educator-economists in the world, states that prohibition has reduced drinking 80%. That does not correspond to the street corner reformer who would bring back the saloon in

order to reduce the amount of liquor being consumed.

TAP DANCING TEAM ON C. C. C. CAMP PROGRAM.

An extensive program of entertainment is being planned by members of the Palo Duro Post No. 97 of the American Legion to be presented for the members of the three Conservation camps at the Palo Duro State Park Friday evening, August 18, at 8:15 o'clock. The program will be open to the public.

Complete arrangements for the program are in charge of J. B. Fowler, who will appear in black face, slap-stick comedy. Fowler is widely known as a local comedian.

Included among those to appear on the program will be Miss Juanita Campbell, who will present a number of dramatic readings; a chorus of tap dance girls from the college to be accompanied by Miss Carrie Marie Townsend, who will also play several piano solo numbers; Ben Guill and Tommie Service will also have a part on the program. The Canyon Novelty Orchestra will furnish a portion of the music for the evening.

The local post of the American Legion has been active, since the establishment of the three C. C. C. Companies of war veterans on July 12, in assisting with the entertainment and pleasure for the men. Roscoe Davis, commander, and Hud Prichard, adjutant, the local post has leased three pianos and placed them at the disposal of the camps. In addition they secured a location for the establishment of a baseball diamond at the park.

The entertainment Friday evening will be held in the recreation hall of Company 1824.

News in Canyon 25 Years Ago

(From the files of the Canyon City News, August 14, 1908.)

What came near being a serious runaway occurred Wednesday morning when a team attached to the bus of the Reynolds Livery Co., became frightened and ran away. The team was scared by a small boy on a bicycle who ran close to them and, throwing the driver to the ground, ran for the barn, passing through the outside door and inside the barn the top of the bus struck a beam tearing the entire top off, scattering glass and splinters in all directions. There were five occupants, none of whom could get out of the bus, but none were hurt but all badly shaken up. The same team, attached to a hack a few hours later in the day, got away from the driver and demolished the vehicle.

Miss Katie McGee and Miss Toile Pearson of Amarillo, and Miss Vera, daughter of J. B. Younger of Farwell, were guests at L. G. Conner's this week end.

Through the night comes a call for help

THE alarm bell on the switchboard at Miss Freeman's head tinkled as the hands of the clock reached 4 one morning. "Operator? Send Dr. Palmer out right away. We live four miles west, you know."

Miss Freeman was ringing the doctor when she noticed a reflection against the sky. The doctor didn't answer. What was wrong? Was that a fire in the north of town?

She stepped to the window. That shed by the Black place was on fire. It was out by the road away from the house. It would burn before the firemen could get there.

As she tried to ring the doctor again, Miss Freeman realized that his telephone line had burned. Perhaps a life was in peril. She called a neighbor. No answer. At last a sleepy voice, two blocks down the street, said . . . "Hullo?"

"Will you call Dr. Palmer, please. His telephone isn't working. An emergency call. The Bamberger home. Four miles west." *

Miss Freeman smiled at an item in the Hillsdale notes of the local paper the next week:

"Mr. and Mrs. C. E. Bamberger are the proud parents of a 9-pound son, born last Friday morning."

The telephone is ready day or night . . . in case of fire . . . to call the doctor . . . to order a part for a machine . . . to get the price for eggs . . . to visit friends.

You can buy few things which cost so little and are worth so much.

C.C.C. CAMP NEWS

By W. B. GRAUEI

Tuesday night, as the guests of Company 1828, a group of girls from the Methodist Ceta Canyon camp were brought to Palo Duro in trucks, enjoyed a special supper arranged by Mess Sergeant Ogder Beckman, rendered a program of songs and musical numbers, and returned to their camp delighted with their visit to the veterans' camp.

Led by Mrs. T. C. Delaney, of Lubbock, directress of the girls' camp, there were 45 young ladies in the group. A special feature was the delightful singing of Miss Jerry Baze, of Colorado, Texas. The piano-accompaniment was played by Miss Katherine Royalty, of Lubbock. Interesting readings were given by Miss Linnette Cain, of Canyon. The singing of camp songs was led by Mrs. T. W. Whigham, of Floydada.

Company 1828, composed of Houston-Beaumont World War veterans, made extensive preparations for the visit of the young ladies. The company's orchestra, directed by Ike Reed, played several selections to start the program. Piano numbers followed and later solo singing and a general song-fest. At the conclusion of the program, the visitors expressed their thanks in the singing of a special song, dedicated to 1828.

Speaking of the girls' camp, Mrs. Delaney stated that it was the 14th year of the Ceta Canyon summer camps. She said that the young ladies form in tribes, doing their own cooking, washing, etc. She told of the large auditorium and the popular swimming pool. She said the camp would close for the season Thursday. They have a morning program in the auditorium, rest after dinner and in the evening take hikes, play volley ball, and conclude the day with a vesper service and the singing of taps.

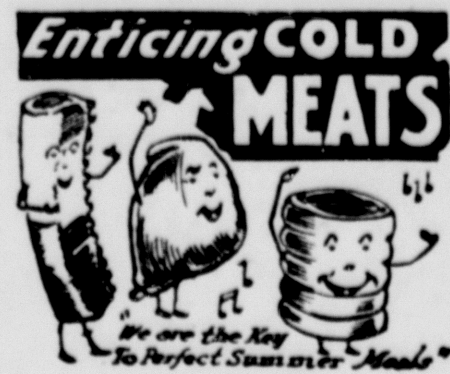

Mrs. Delaney presented Company 1828 with a beautifully carved piece of cedar, in appreciation of the courtesy shown to her girls. It will be suitably embossed and placed in the company's recreation hall. Arrangements for the visit were in charge of A. P. Hill, company recreation manager. The entire company volunteered for various parts of the program, and the entire event was one of the most successful to be held since the C. C. C. work started July 12.

Good ponies are available for trips into the canyon. Fred Marshall, in charge of the Palo Duro Park Saddle Horses, reports that arrangements have been made to have additional horses on hand Saturday afternoons and Sundays and whenever desired. Some ten horses were kept busy last Sunday. The horses are obtainable just outside the Palo Duro C. C. C. camp, within a short distance of the canyon entrance.

A baseball game will be played next Sunday between one of the veterans' companies and a team from Wayside. J. E. Littlefield will bring the team to the camp and a good game is anticipated.

Members of the three companies at Palo Duro Canyon were the guests of the Amarillo Athletic Club Saturday night, when a dance was given by Mrs. C. A. Hetrick's orchestra.

Mrs. J. T. Burnett and Mr. and Mrs. Levi Cole spent Sunday in Lockney visiting Mr. F. C. Cole.

Girls from Eleven Counties Make Application Randall

At least eleven different counties will be represented by the girls in the new Randall Hall when it opens with the beginning of the long session this fall, for reservations have been received from this number of counties, located from the extreme east to west and from north to south of the Panhandle.

The counties from which reservations have already come are Motley, Cottle, Hartley, Deaf Smith, Scurry, Wheeler, Parmer, Roberts, Lamb, Yoakum and Hall. Prospective students from many other counties have written for application blanks.

Only students having good recommendations from those who know them and presenting satisfactory grades will be accepted in the Hall. Each of these will do her share of the work of the dormitory, under the direction of a competent house-mother. The cost for each girl will be about \$13.00 per month with as much as \$6.00 of the amount payable in approved produce brought from home.

GEOGRAPHY STUDENTS ON FIELD TRIP TO CANYON

Twenty-five college students, their wives and Miss Darthua Walker, head of the geography department made a field trip to Cera Canyon last Saturday as a part of the work of the class in Texas Geography. This course is known as Geography 212 and deals exclusively with the geography of this state.

The party left the college campus at 3:30 and while at the canyon studied structure sections, vegetation, the work of running water and erosional features to be seen in the canyon and its walls.

When the day's study was finished the party enjoyed a wiener roast, returning to Canyon late in the evening.

FIRST CHURCH OF CHRIST SCIENTIST

Services every Sunday at 11:00 o'clock and Wednesday evenings at 8:00 o'clock. Sunday School meets at nine forty-five Sunday mornings and all under twenty years of age are invited to attend. Subject for Sunday: "Mind."

There is a reading room maintained in the church on Thursdays from three to five o'clock where authorized Christian Science literature may be read, purchased or borrowed. Everyone is cordially invited to attend these services and to use the reading room.

GAVE RADIO PROGRAM

Meredith Ashby, Dalhart, Alfred Jameson, Shamrock, and Miss Frances Usery took part in the radio program under the direction of Mr. Batchelder last night. This will be the last program of the summer. It is expected that these programs will be resumed after the opening of the college, Sept. 19.

ENTERTAIN AT CAMP

The College will furnish a program at Palo Duro Camp at seven o'clock tonight with Professor S. H. Condon as speaker. Ben Guil, a senior student, will give a reading and the men of the camp will furnish some highly entertaining numbers.

Students Told of Advantages Offered Attending W. T.

Dr. Albert Barnett spent the latter part of last week in Floyd, Motley and Cottle counties interviewing prospective college students. During the trip on which Dr. Barnett was accompanied by Boone McClure, 68 young people who want to come to college were told of the advantages offered by the local college and of the plans for keeping expenses low during the next session.

Lockney, Floydada, Matador, Roaring Springs, Whiteflat, Flo-mot and Paducah were visited, a total of 624 miles being traveled during the three days.

This week Professor Frank R. Phillips will spend several days in Wheeler and Collingsworth Counties and other faculty members will visit other counties within the next few weeks.

WHAT A TRAGEDY IF CANYON GOES WET

Barely 10 days and Randall county will vote on LOCAL OPTION along with the other wet issues.

Analysis of the petition shows the following signatures:

Umbarger, 62.
South Amarillo, 16.
Canyon, 160.

Many Canyon signers give economy as a reason for their favoring the election at this time.

To me it is a dangerous move to invite the Beer Barons into Canyon to exploit our many virtues.

If Beer Barons (barrels) are allowed to come in, a source of brotheis can be set up, which is a worse tragedy than if the College was cut half in two.

Who of us can welcome the Baron who comes clad with brass shoes, rotund body, bound by sturdy hoofs and foaming head?

Surely not by the lead of any citizen, teacher or school patron will such a culprit be invited to display his wares at the portals of our schools and churches. Canyon CANNOT afford to open our gates to this brazen guest. Let's not welcome this greedy, lustful, heartless Baron, who's aim is to roll our dollars clanking into his chest, and leave the poor drinker sorely cursed.

An ally of the Beer Baron is the tax dodging millionaire, whose stealthy plan is taxing the drinker by the glass.

Take heed whose boy, whose father must drench themselves to help the Beer Baron's greed. Whose daughter will be waitress in the beer garden? Which of us voters will carry the Baron's flag on which we see the flaming cup?

Who of us will refuse to strike back against this foe in order that our little ones and our friends may have that abundant life. DRIVE BACK THIS POE. Let's you and I vote NO REPEAL; NO BEER; NO WET CANYON.

J. I. BALLENGEE.

MEREDITH ASHBY GAVE PROGRAM VIOLIN MUSIC

Meredith Ashby, violinist of Dalhart, furnished the program of the college assembly last week. He was accompanied by Miss Frances Usery. Mr. Ashby is a pupil of Herschel Coffee.

For the half hour Mr. Ashby chose the following numbers:

Sonata in A _____ Handel
Adagio Contabile
Allegro deciso

Allegro _____ J. H. Plocco
Air _____ J. S. Bach
Frasquita _____ Lehar-Kreisler

MRS. MCGEE'S MOTHER DIES

Mrs. Mary F. Cass, 85, died at her home in Tulla August 6, following an illness of about thirty minutes. Mrs. Cass was known to a number of Canyon people, having been a pioneer settler in this section. She was the mother of Mrs. R. McGee of Canyon. Funeral services were held Monday, August 7, at Tulla.

MISS MAURINE DENNY WILL GIVE PROGRAM

Townpeople are invited to attend the College Assembly Saturday morning at 9:30 when Miss Maurine Denney, contralto of Will-dorado will give the program. Miss Denney is a pupil of Mr. Wallace R. Clark who will play her accompaniments.

Following is the program:
Out of My Soul's Great Sadness _____ Robert Franz
Farewell _____ Robert Franz
Know'st thou not that fair land? _____
From the opera "Mignon" _____ Ambroise Thomas
At Parting _____ James H. Rogers
A Birthday _____ H. H. Woodman

J. W. KLEINSCHMIDT OPERATED ON THURSDAY

Word was received from Wes Kleinschmidt that he was operated on last Thursday at Rochester, Minn. He was getting along satisfactorily at the last report.

Mr. and Mrs. Gordon See and son have returned to their home in Tulsa, Okla., after visiting at the parental B. P. Oatis home.

College Band on Trips to Happy and White Deer

The College Band, under the direction of Professor C. E. Strain, has made two trips during the last week. The first was to Happy where the concerts were a feature of the celebration and community get together which was held there under the auspices of the Chamber of Commerce.

On Monday the band went to White Deer to play a concert; there were 21 members who went. Arrangements for the trip were made by Aubrey Armstrong of Amarillo who teaches band work at White Deer during the session of the school.

LEASES MEAT MARKET

Bill Money has leased his meat market to C. C. Stidham and Calvin Middleton, and is leaving today for Clayton, N. M., where Mr. and Mrs. Money will make their future home. The market has been moved to the Redfearn building on the east side of the square.

Mr. and Mrs. Dee Lowry went to Quitaque to start school work last week. His school opened Aug. 14.

Tom Oatis of Fritch spent Sunday here with home folks.

Duncan Collection Is Brought to Museum By Sheffy

The noted collection of papers and books of the late Judge Arthur B. Duncan of Floydada has been brought to the Museum by L. F. Sheffy, secretary of the Panhandle-Plains Historical Society.

This collection is considered one of the best on the Plains and was recently offered to the Museum by the heirs of Mr. Duncan.

Mr. Sheffy states that other valuable material is being received every week. The question of display cases is most pressing just now, and many more cases could be filled at once if the money was available to build them.

CHORUS AND ORCHESTRA GAVE PROGRAM TUESDAY

The annual Summer Concert of the College Chorus and and Orchestra was given Tuesday night under the direction of Professor Wallace R. Clark.

Mendelssohn's "Hymn of Praise," a sacred cantata, was the work chosen for this summer. Miss Ada V. Clark of the music department and Miss Loma Groom of Pampa, pupil of Mr. Clark, were soloists.

This cantata consists of seven

numbers, of which a soprano duet and chorus "I Waited for the Lord" was probably the favorite of Tuesday night's audience.

James D. Willeford Selected Pastor of Church of Christ

At a meeting of the officials of the Church of Christ Monday night James Durward Willeford was selected pastor of the church to succeed Rev. E. C. McKenzie who recently accepted the pastorate of the church at Pampa.

Mr. Willeford came to Canyon at the close of school to assist Rev. McKenzie in a revival meeting. He has been very successful in his church work. He will continue his studies in the College at the opening of the fall term, and will also serve the church as pastor.

CHRISTIAN CHURCH SERVICE

William Neville, recruit at the C. C. C. camp, Palo Duro canyon, will preach Sunday morning at 11:00 o'clock at the First Christian Church. A quartet from the camp will furnish special music.

Mr. and Mrs. Grady Oldham and children returned Tuesday from a vacation trip to Crede, Colorado.

THE NEW DEAL IS WORKING

The worst is over. A business revival is on the way. Start now to organize your office and be ready for the trade that is to come.

Buy in August

It's the sensible thing to do, it's patriotic and it's good business.

Prices Are Advancing Daily

In every mail we receive notices of price advances in office supplies, fixtures, printing materials and printing papers. These advances range from 15 per cent to as high as 100 per cent. The manufacturers have been ordered by the government to make a profit. They have been selling too cheaply and as a result the public has been buying at prices far below normal.

All printing papers, ink and other supplies have advanced sharply as well as metal and news print.

We Are Not Advancing Prices Until Present Stock Is Exhausted

We are not taking advantage of the rise in prices, and will continue to sell at old prices while our stock lasts. Again we say—buy in August.

Check Over Your Wants for Office Supplies

In this recovery program there is no throttling of personal action—no iron discipline from above—no abrogation of the great American principle of private initiative. Instead those very forces of private initiative are to be applied on a grand scale of which our fathers never dreamed.

Industry within its own rank and file is given the sublime opportunity to do for itself what dictatorship has rarely, if ever, done. Patriotism, not greed, is the motive; lasting national prosperity, not immediate personal gain, the goal. And the essence of it all is co-operation.

We have always believed that the progress and economic security of our country rests on the ability of men and women to buy and use the products of their toil. We are proud to be able to demonstrate this conviction. And we are glad to make the necessary changes in our respective businesses as soon as individual codes are adopted so that the dream of American prosperity may be realized.

THE GREAT AMERICAN HOME

Panhandle Pioneers Hold Reunion Sun. at Hamblen Drive

By W. B. GRAUEL
C. C. C. Camp Correspondent.

The Palo Duro Canyon Sunday was the scene of a largely attended gathering of pioneer Panhandle settlers. Meeting at a point near the old Tipton dugout on the Hamblen Drive, old-time acquaintances were renewed, a chicken dinner enjoyed, and an annual gathering decided upon. The next meeting will be held in April.

It was the first get-together of its kind to be held. 38 persons participated. The oldest resident was Mrs. Jose Mayo, 80 years old, who came to the Panhandle in 1890. She told of seeing antelopes by the hundreds, lots of prairie chickens and quail, numerous deer and said that she remembers when there were no fences between Tulla and Amarillo.

In 1897 Mrs. Mayo was taken ill and it was necessary for someone to go from her home on the south rim of the canyon to Claude. She related that Willis Fisher rode a horse across the nine miles of the canyon, to Vineyard Camp, where he obtained a fresh horse from Mart Hyatt, and returned to Hyatt's place with Dr. W. A. Warner. Hyatt then accompanying Dr. Warner, the entire journey of 56 miles being made in four hours.

As late as 1894, two years after he settled in this vicinity from Marietta, Okla., Mart Hyatt helped to carry a live bear from the canyon. He said the bruin nearly scratched the clothes off his back. The bear was donated to one of the state parks. Another of the oldest settlers was Will Hamblen, who located near Lakeview school, November 8, 1890. Mr. Hamblen met his wife in the canyon area. She was a Tipton, living in the camp south of the river. They were blessed with nine children, having six children, and six grand children present.

Two of their children were born in the canyon. At the time of their marriage Mr. Hamblen lived on the north rim of the canyon on Coyote Flats.

Also present were Mr. and Mrs. Riley Jones, who still are living on the section of land filed on by Mr. Jones in 1891, in Swisher county. Wyatt Heysler, who lives on the south rim in Armstrong county, who came to the Plains with his father 38 years ago, was another "old timer" present. There were many others, each with an interesting part in the early development of the plains.

It was stated that Mrs. Phebe K. Warner, secretary of the State Park Board, was prevented from being present on account of the illness of Dr. Warner.

Those attending were: Mrs. Jose Mayo, of Goodnight, a resident of the Panhandle since 1890; John Vineyard of Clarendon, who came to the plains in 1890; Miss Willie Vineyard, George Vineyard and Mr. and Mrs. Jesse Lowe, daughter, son, son-in-law and daughter, respectively, of John Vineyard; Mr. and Mrs. George Gillham of Wayside, who settled in this section 25 years ago; Mr. and Mrs. Travis Gillham, of Wayside, son-in-law and daughter of Mr. Will Hamblen; Mr. and Mrs. Will Hamblen of Wayside, who located in Palo Duro Canyon in 1890; Miss Oscillo Hamblen, Miss Remona Hamblen, daughters; Henry Hamblen, son; Mr. and Mrs. Alfred Hamblen, daughter-in-law and son of Mr. and Mrs. Will Hamblen; Mr. and Mrs. W. R. Jones, of Tulla, who came to the Plains in 1891; Miss Dorothy Jones, daughter; Jack Jones, son; Bill Jones, son; Mrs. Martha Lemons of Tulla, a resident of the Panhandle since 1893; Mr. and Mrs. Mark Hyatt, of Vigo Park, residents since 1892; Mr. and Mrs. Don Rogers and daughters, Doris and Lois, of Vigo Park, the parents coming to the Panhandle in 1905; Wyatt Heysler, of Wayside, a resident of the Panhandle 38 years; Mr. Less Buell, of Claude, employed on the JA ranch, who has lived in this vicinity 12 years; Mr. and Mrs. Floyd Adams, of Wayside, residents of the Plains 25 years; Mr. Newton Sutton, of Dorsey, Ark., a visitor; Mr. Hubert Beronam, of Tulla, a resident 27 years; Mrs. Guy Harris, of Tulla, who moved there five years ago; A. E. Terry, of Canyon, official park photographer, who moved to the Plains in 1904; J. B. Elliston, of Canyon, who came to Claude 32 years ago, assistant to the chairman of the State Park Board.

In Limelight of Cuban Turmoil

Cuba, the hot spot of political revolution just now, is the scene of rioting in protest against the rule of President Gerardo Machado, above. Pressure is being put on Machado to ask the Cuban Congress for a "leave of absence," which would result, observers believe, in his losing office. In that event Carlos Miguel de Cespedes, below, former ambassador to Mexico, is looked upon to succeed Machado.

WAKE UP YOUR LIVER BILE—WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely. But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resistant substitute. 25c at drug stores. © 1931 C. M. Co.

NEWS! EXTRA ANTI-KNOCK VALUE
is now added to every gallon of Phillips 66
No increase in price!

Phillips 66 is "Running Away" with the Business in 17 States

Before you buy your next tankful of gasoline, think of what the following figures tell you about the quality and value of Phillips 66:

In 1928 we started with 2 service stations. Today we have 10,654. In 5 years, sales of Phillips 66 have sky-rocketed from nothing to four hundred and fifty million gallons a year!

Experienced oil men marvel at this spectacular growth, unparalleled in the industry. But they know why Phillips is running away with the business in the 17 states in which it is for sale.

They know that Phillips 66 was introduced at a time when most motorists thought all gasolines were alike—except high test gas, which sold for 3¢ extra per gallon.

To offer sensational, self-demonstrating value, Phillips decided to sell this premium quality without a premium price. We were in a unique position to do this, because Phillips was and is the world's largest producer of natural high gravity gasoline.

In addition, we put another extra value into our gas. We pioneered CONTROLLED VOLATILITY which scientifically pre-suits every gallon of gas you buy to your weather, at the time you buy it. And month by month, we publish our actual gravity (high test) in plain figures.

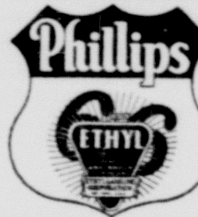

For example, Phillips 66 gravity this month ranges from 62.1° to 67.9°.

Now, higher anti-knock is added to this high test by a special process hitherto available only in gasolines sold at a premium price.

See if you don't feel the difference Phillips 66 makes in your motor. Its high test and higher anti-knock will add power, pep, and miles. Will give flashier get-away and greater flexibility.

Get acquainted with the economy and finer performance of this greater gasoline by Phill-ing up with Phillips at any Orange and Black 66 shield.

"HIGHEST TEST" AND anti-knock at the price of ordinary gasoline

Also Phillips 66 Ethyl at the regular price of Ethyl Gasoline

A gasoline of U. S. Motor grade at a competitive price

Finer Oil at a Lower Price
We could not make a higher quality lubricant, even if you offered to pay a dollar a quart. Guaranteed 100% pure paraffin base. Less wax. More carbon-free. A grade for every motor. A great value at 25¢ a quart, plus tax.

College Year

(Continued from first page)

among the parents of the college students, with doctors, teachers and ministers ranking high in the list.

New Plans for Old

Another campus change which is far-reaching in interest is the conversion of Randall Hall from a girls' dormitory to a girls' co-operative home. Hundreds of girls who have lived in Randall Hall during the ten years since it became state property will watch with interest the efforts of college girls to live together, sharing work and keeping their expenses down to the minimum.

Another rapidly developing project which is expected to influence the campus greatly is the College Farm. When the T-Ancor ranch headquarters became the property of the College it was first thought of primarily as a laboratory for the classes in agriculture and a recreation ground for faculty and students. With the conditions of the past few years and the growing need for more men in the teaching profession, the farm has come to be thought of as a possible home for a large number of young men who will live there with as low expense as the young women have at Randall Hall, and will at the same time bring sufficient income to the farm to enable its manager, Professor T. M. Moore, to continue improving it without expense to the state. It is expected that within the next six months the farm will provide dormitory facilities for from 35 to 60 picked men who will eventually go back to rural and small town communities as leaders.

Still another change of great importance to parents and students having little money this year, is that of providing a split semester plan which will allow students to pay their fees in smaller amounts than would otherwise be possible, \$16.50 paying all fees for a period of nine weeks, even with the larger tuition provided by the last legislature. Under this plan there are no laboratory fees. Students receiving private instruction will be able to pay for it by the month, thus making use of the produce checks which come to the homes of so many of them.

Faculty Changes

For L. G. Allen, the Dean under

which the West Texas State Teachers College developed its high standards and received recognition by strict accrediting agencies, "school will be out" on August 25, for he has resigned to devote himself to less arduous tasks. Dean Emeritus Allen did his first teaching in Kentucky, receiving \$18.50 per month for a term of five months.

Like hundreds of others from Kentucky and Tennessee, he came to Texas and by 1900 had become superintendent of schools at Bloomington. From that time until the present his entire time has been given to education in Texas.

For years, when the College was struggling for standards, L. G. Allen carried the heavy load of head of the mathematics department and dean, literally giving his life for the school as he worked day and night. His portrait will hang in the Dean's office and discerning students will always see it with a glow of gratitude for his honesty and adherence to high ideals.

Miss Mary Adaline Lamb, under whose supervision the first training school of Texas became a force in the preparation of teachers, will also retire at the end of this summer. Miss Lamb came to Canyon during the first year of the college and since that time has been identified with the Training School, the Young Women's Christian Association, the Libraries and other constructive agencies of the institution.

President J. A. Hill in his recent report to the Board of Regents paid high tribute to the services of both Mr. Allen and Miss Lamb and members of the faculty have expressed the hope that their retirement from the classrooms will not mean their withdrawal from campus associations.

300 Teachers

(Continued from first page)

school pupils when the district is unable to do so.

Another feature of the aid law, according to Mr. Bullock is that of providing \$100 aid to a school which teaches agriculture and manual training for boys and \$100 for teaching home economics for the girls. However, there must be a minimum of six children in the classes before aid can be secured.

An additional provision, which

applies only to schools which have never before received state aid, and which have four or fewer teachers is that of giving \$10 per teacher for library purposes, provided the district will by some means, raise an equal amount. Books must be selected by the county superintendent, teachers and county board of education, and must be deposited in the office of the county superintendent so as to provide a circulating library for all the schools which take advantage of this assistance. Lists of books from which to choose are sent out by the State Department of Education.

Many questions were asked Mr. Bullock as a great number of the schools in this section want to secure aid during the coming year. School boards may secure copies of the law by writing the State Department of Education.

Mr. Bullock's visit to Canyon was much appreciated for he is well acquainted with West Texas conditions having been for many years county superintendent of Scurry County. He was introduced by Judge S. B. Orton and Professor Frank R. Phillips, chairman of the County Board, presided at the meeting which was held at the Presbyterian church, the court house room being too small for the great number who attended.

county court, both being misdemeanor cases.

Four arrests were made during the week by Sheriff Bob Barnett upon the grand jury indictments as follows:

Alfred Holmes, charged with rape, and the case set for Aug. 23; Wilford DeShazo, charged with burglary; T. B. McCrady, charged with theft; M. E. Coffee, charged with receiving and concealing stolen goods.

Final judgment on forfeiture of bond for \$2,000 was made against Edgar Thomas, A. G. Thomas, G. G. Foster and Wm. Ash.

The following civil cases were tried:

Clyde W. Warwick vs. G. C. Bram, judgment for plaintiff. Ada V. Russell vs. J. D. Colt Co., verdict for plaintiff. Florence Donovan et al vs. Jos-

eph Austin Bassett, was a case for division of an estate.

Lincoln National Life Insurance Co., vs. R. M. Brown et ux, judgment for plaintiff.

Fire Prevention In Schools Shown at Rotary Luncheon

Miss Olga Jurniger, representing the State Fire Marshal, talked Tuesday at the Rotary luncheon regarding the work of education being done in the public schools by her department.

Miss Jurniger has an exhibit of fire prevention posters which will be on display in the administration building of W. T. until Friday afternoon. President J. A. Hill has urged that the people of Canyon see this display as it is of great interest.

Leroy White of Amarillo was a visiting Rotarian.

Levi Cole had charge of the program Tuesday as chairman of the Community Service committee.

Miss Jurniger stated that citizens of Canyon who were guilty of throwing down matches or lighted cigarettes should see the danger these practices lead to. Last year the fire loss of Texas was 22 millions of dollars, all coming out of the pockets of the people. It was estimated that 40 per cent of these fires were of incendiary origin. The depression is responsible for this. In Texas last year, there were 403 fatalities, the largest in the history of the state. The largest number of fatalities was caused by gasoline, with kerosene second and natural gas in third place.

In the schools courses in fire prevention shows the methods of fire prevention, and fire drills minimize the chances of loss of life in case of fire. As a result of these courses fire accidents among children has greatly decreased since 1924.

There are 45 possible fire hazards in the home, and children are taught to recognize these, and to assist the parents in correcting them.

Singing Convention Will Be Held Next Sunday at College

The semi-annual Plateau Singing Convention for Randall county will be held at the Education building of W. T. next Sunday, according to announcement made this week by Miss Frances Marshall, secretary-treasurer.

Those who enjoy singing are invited to participate in the convention.

Those attending from Randall county are asked to bring sandwiches and pie for the noon luncheon.

It is expected that a number of visitors will be present for the occasion.

Miss Mattie Mae Swisher left Saturday for Chicago and will return September 19th.

Mr. and Mrs. C. S. Dison and Everitt, spent Sunday with friends in Hereford.

A group of young people of the community enjoyed a fried chicken and ice cream supper on the canyons Wednesday evening. Those present were: Monty Rockwell, Katherine Hill, Louise Upchurch, Beatrice Fulton, Margaret Fulton, Ina Stewart, L. E. Stewart, Rosemary Hearne, Opal Perkins and Arthur Keeter, Marshall Rockwell, Louis Upchurch, Everitt Dison, Lawrence Fulton, Mike McCormick, Herbert Bissell, Bud Largent and Don Pieper.

The main difficulty about the week inheriting the earth is that there won't be much left of it when the time comes for them to do the inheriting.

Kelso Reports on Progress Made in Utility Stock Deal

Judge I. R. Kelso of St. Louis spoke Friday afternoon in Amarillo to a large group of stockholders of the Commonwealth Power Corporation, of which group the Texas Utilities Company is a part. The company is in the hands of a receiver, and in the reorganization plan it was promised several months ago by eastern bankers that the consumer-owners would be taken care of with sufficient stock that they would suffer no loss.

Judge Kelso has been working to protect the stockholders of this territory, and great confidence was expressed at the meeting in his ability and he was publicly thanked for the attempt he had made to protect the consumer-stockholders. However, it was apparent that in the reorganization plan the stockholders from this section would receive in common stock only fifty percent of the amount they held in preferred stock. The properties in this section are said to be the best owned by the corporation, and it may be possible that the common stock will be of value in the near future.

J. W. Reid, J. J. Walker and Clyde W. Warwick attended the meeting. Judge Kelso hopes to hold a meeting of stockholders in Canyon at some future date.

Relief Committee Holds Conference Regarding Work

Seeking the advice of citizens from various parts of the county, the Randall County Relief committee met Monday afternoon with members of the Commissioners Court, City Commission, and representatives from all parts of the county for the purpose of discussing public work needed in the county.

RFC workers will be assigned to various school districts of the county before the opening of school in order to beautify the grounds.

A telegram was read from Lawrence Westbrook, director of the RFC funds in Texas, urging that steps be taken to carry the bond issue for \$20,000,000 on August 26th, in order that funds might be provided to carry on the relief work during the coming winter.

Canyon Supply Co. Adjudged Bankrupt; Sale on Aug. 29th

The Canyon Supply Co., a corporation, was adjudged a bankrupt, in the federal court at Amarillo Friday, with Ben H. Stone placed in charge of its affairs.

The assets of the business will be sold at public auction on August 29, and are listed as follows: Stock of Dry Goods, etc. \$15,000.00. Furniture and Fixtures, \$3,387.22. Notes and Accounts, \$6,716.23. One Jersey cow and calf, \$25.00. Lot No. 7, Block No. 49, Canyon City, Randall County, Texas, \$510.
